Hall of the House
Cheyenne Nov. 5th 79

To the Hon. Speaker

of the House

Sir,

Your Special Committee to whom was referred the Consideration of the matter relating to the right of N. B. Macomber to sit as a member of this House beg leave to submit the following report

We have examined the official returns of the elections held in Swatara County Sept. 2^d. 1874, now on file in the office of the Secretary of the Territory, and learn that the vote of Atlantic City precinct was not included in the canvass of the vote, of that election made by the County Board of Canvassers. We further find that by the return of the Board of County Canvassers Mr. P. P. Dickinson received, a majority of one (1) vote, over Mr. N. B. Macomber.

We find from the evidence taken by Mr. N. B. Macomber under a notice of Contest and which has already been read in the House that the election at Atlantic City precinct was in all respects fair and that had the vote, of that precinct been counted by the County Board of Canvassers Mr. N. B. Macomber would have received a majority of 49 minutes votes over Mr. P. P. Dickinson.

We further find that Mr. P. P. Dickinson does not appear to claim the seat or make any opposition to the seating of Mr. N. B. Macomber as a member of this House.

We therefore recommend that Mr. N. B. Macomber be admitted to his seat as a member of this House.

Respectfully

 City in the County of Sweetwater was thrown

 H. Robinson as such whereas the said P. H.
 Robinson has claimed his right to a seat
 in virtue of said Certificate and admits that
 H. B. Macomber at said election obtained a
 majority of the legal votes cast in said
 County of Sweetwater at said election therefore

Resolved by the House of Represen-

By Mr. Macomber a bill for an act
to authorize the several boards of County
Commissioners to subdivide their respective
Counties into road districts and to appoint

road supervisors therein ^{and} defining their duties

Mr Taylor from special Committee appointed by the Secretary of the Territory to settle with the Auditor and Treasurer of the Territory made the following report.

To the Legislative Assembly of the Territory of Wyoming.

Your Committee appointed by the Secretary of the Territory to examine the books and settle with the Territorial Auditor and Treasurer respectfully report.

That they have performed the duty assigned to them and find that all warrants that have been drawn by the Auditor upon the Treasurer and paid by him are in accordance with laws and legislative appropriations and that the Auditor has vouchers for such warrants in the aggregate amount of \$3253.²² have been drawn on the Treasurer for expenses of the Penitentiary Commission upon certificates of the Chairman and while they think that the Auditor was technically justified in drawing such warrants upon the authority of Sec. 11. of the Act of 1877 creating the office of Penitentiary Commissioners yet they have doubts as to whether that section authorized the drawing of such warrants without better and itemized accounts being submitted to the Auditor before he issued warrants for the amounts certified to by the Chairman, and they do not think that said Commission was justified under any section of the Act creating it in the expenditure of the large sum of \$835⁰⁰ or any other sum out of the public

Treasury as Lawyers fees for defending
the Act creating it.

Your Committee find
that the accounts of the Auditor and
Treasurer agree, except an apparent dif-
ference of \$408⁰⁰ which is caused by
the Auditor making his report for a
longer period of time than the Treas-
urer - the latter making his report
from the time he received his office
while the Auditors report is made
from the time of the settlement with
the Auditor and Treasurer by the last
Legislature. In the meantime 3 warrants
had been paid by the previous Territorial
Treasurer viz:

Warrant No. 499, for	\$ 33 ⁰⁰
" " 500 "	100 ⁰⁰
" " 501 "	250 ⁰⁰
	<u>\$ 408⁰⁰</u>

in all. So that in fact the accounts
of both officers agree.

The Committee
therefore recommend that the accounts
of the Territorial Auditor and Treasurer
be approved.

Executive Department
Cheyenne Nov. 21. 1879.

To the Hon. Speaker
of the House.

Sir:

During the month of October last when fears were entertained of Indian depredations upon some of our settlements I applied to the War Department for 300 stands of arms and 15000 rounds of ammunition; requesting that they be forwarded immediately and giving assurance that the good and sufficient bond required by law, (to wit, a bond executed by the Governor by authority of the Legislature) would be sent on as

as early as practicable. I now have notice that my requisition was honored and that the arms applied for were, some time ago ordered, here from the Rock Island Arsenal.

I therefore respectfully request that the necessary authorization be given, so that upon arrival of the arms they may be at once removed to the Territorial Armory. The accompanying form of a bond has been presented to the Chief of Ordnance and has received his approval.

Very Respectfully
John W. Hoyt.

Mr. Crawford, from Special Committee appointed to draft Resolutions upon the present State of Indian Affairs, presented the following Preamble and Resolutions.

Whereas,

The recent outbreaks among the Gte Indians, at the White River Agency at White River Colorado has been the cause of much hardship and suffering attended with great loss of property to the settlers of Southern and Western Wyoming.

And, whereas, the outbreak referred to was not caused by any provocation upon the part of the settlers of Wyoming (the said Indians, fearing their mode of life charge that white men were either living hunting or mining upon or near their reservations) but springing from ill feeling and an inherent love of murder and plunder and a corresponding hatred for any of the acts of civilization and an extreme disgust for all white men.

And, whereas,

The settlers of Southern and Western Wyoming have suffered every indignity at the hands of said Indians who have destroyed millions of acres of timber and grazing lands as well as an almost unlimited amount of game.

Therefore be it Resolved that it is the sense of the members of the House of Representatives to the Legislative

Assembly of the Territory of Wyoming that the Department of the Interior should, at once take steps to have said Indians removed to some point where they will be unable to give vent to their natural disposition to murder, plunder and scalp innocent and in-offending settlers.

Resolved: That the sympathies of the members of this House are hereby extended to the people of Colorado in the present embarrassing and vexatious situation of the latter territory.

Resolved: That a copy of these resolutions, signed by the Honorable Speaker and attested by the Chief Clerk be sent to the Hon. Secretary of the State of Colorado.

The following message was received from His Excellency Governor John W. Hoyt.

Executive Department
Cheyenne Dec. 6. 1879

To the Hon. Speaker
of the House

Sir, I have the honor to inform the House of Representatives that I have approved the following bills, to-wit:

H. B. No 2 Enrolled Act No. 2, entitled an act relating to the admission of Attorneys

H. B. No 8 Enrolled Act No. 8, entitled an act to repeal an act entitled an act relating to the several districts in Minita County

N.B. N^o 27 Also Enrolled Act No. 27, entitled an act to create certain legal holidays

N.B. No 18 Enrolled Act No. 18, entitled an act relating to the distribution of the school fund in the several Counties of the Territory of Wyoming" is returned to the House without approval for the following reasons:

First, while in part disregarding the pro rata principle long recognized as a cardinal one in the distribution of public monies for educational purposes the object apparently sought to be accomplished by the bill, namely, the special help of small and pecuniarily weak school districts will not be properly secured, by a law making no distinction in their favor, but giving a like sum to rich and poor districts at the expense of the fund for pro-rata distribution.

Second: While giving to existing districts the right to one hundred dollars each, regardless of the small number of children of school age therein, it requires that all districts hereafter organized shall have a minimum of 15 children of such age, as a condition of receiving a like sum. Section one, being first adopted, Section two, then becomes a necessity; but it is certainly an objection to the bill, that its main provision necessitates this irregularity.

Third, Section two, unjustly denies the advantages of district organization to any and every community not yet provided with a school, the number of whose children of school age is less

than 15. However great the need of a school, and however able and willing the community desiring it may be to erect a school building and maintain a school at its own expense. The purpose to render assistance to communities unable of themselves to provide for the education of their children is in harmony with the general policy and purpose of the government and people of the United States, that every child shall have the means of elementary culture. But it is nevertheless better in my judgment, to adhere in this case, as in others, to the rule of action, that no change in the law is better than one embodying false principles themselves demanding objection by an early refusal.

A measure recognizing the claims of the smaller and weaker communities in the great matter of education, and yet carefully guarding all the interests involved, would have my approval.

John D. Hoyle.

Mr. Hocker moved to adopt the report of the Committee of the whole.

Mr. Mann moved to amend, to adopt the report except that portion of it relating to H.B. No. 58.
Lost.

Question then was put on original motion carried, and report adopted.

Mr. Hocker presented the following resolution

Whereas:

The *Laramie Daily Times*, a newspaper published at Laramie City in its edition of Tuesday December 9th 1879, contained an anonymous article dated Cheyenne Dec. 8, 1879, reflecting upon the action of the Hon. Henry L. Myrick Speaker of this House, in reference to the so-called "Capital Bill," and charging said Speaker with having failed to vote for the Bill for the removal of the seat of government of the Territory of Wyoming to the town of Laramie in the County of Albany and with having made unjust rulings as Speaker in order to secure the object of said bill, and whereas said charges are untrue and unfounded in fact, and were evidently written by some persons with the malicious motive of misrepresenting and injuring the Hon. Henry L. Myrick as a representative of the County of Albany.

Be it resolved by the House of Representatives of the Territory of Wyoming,

That the charges against the Hon. Henry L. Myrick Speaker of this House contained in said article are untrue and malicious, that the said Speaker, voted in favor of the passage of the bill for the removal of the Capital to Laramie City, and used all honorable efforts to secure the passage of said bill and that after the recommendation of the Committee of the whole House, for the indefinite postponement of said Bill had been adopted by the House, that the said Speaker only obeyed the rule of this House in holding that said vote indefinitely postponed the said bill.

And that this House re-affirms its confidence

in the Hon. Speaker for his uniform impartiality in the performance of the arduous duties of his position and condemn the unjust and dishonorable imputations upon him made in said article as malicious and untrue.

Mr. Taylor was called temporarily to the chair.

On motion of Mr. Hubbard the rules were suspended and the foregoing resolution was adopted.

C.F.N. 60 Mr. Davis moved that the House now proceed to reconsider the vote by which C. F. No. 60. passed this House. Carried.
